

Insurance

We participate with most major insurance companies, including Blue Cross Blue Shield, Cigna, MVP, TVHP, Medicare, Vermont Medicaid, and Health Care Value Management.

We will send your claim to your insurance company even if your insurance is not listed above. You may be responsible for charges not covered by your insurance.

If your insurance is not listed above, we do not participate and therefore you will be responsible for any remaining balance.

Referral

If your insurance requires a referral or authorization, it is your responsibility to obtain it from your primary care physician prior to your appointment. In order to process your claim, we must have the referral/authorization number or it will be necessary to bill you directly.

Co-Pay

If your insurance requires a co-pay, it is expected at the time of service.

Workers Comp

If you are being seen for a work related injury, you need to file a first report of injury with your employer prior to your visit. You are required to bring the workers compensation insurance information with you to your appointment.

Litigation

We **DO NOT** accept responsibility for billing claims in litigation. If your claim has been turned over to an attorney, it is still your responsibility to pay the balance at the time of service.
